

Software Solutions Offers Financing for Small Businesses.

Software Solutions now provides affordable financing for your IT solution that is easy to acquire and makes smart business sense. Focus on getting what you need, instead of how you will pay for it.

Reduce the up-front cost of purchasing the information technology your business needs to be more efficient and effective.

Introduction

Don't let old technology hold back your business. With Software Solutions/Microsoft Financing, you can reduce the up-front cost of purchasing the information technology your business needs to be more efficient and effective. Receive the benefits of your technology investment now, and pay over time. Save your cash reserves and line of credit for other needs.

You may simply need to update your Windows-based PCs. Or perhaps you are investing in your first server or a new custom business application. Either way, Software Solutions/Microsoft Financing can finance the entire solution; software, hardware, and implementation services at a fixed interest rate. This allows you to shift your focus from "How will I pay for it?" to "What do I need?"

Benefits

Easy. Software Solutions/Microsoft Financing is designed for small business, so you can now finance technology solutions costing as little as U.S. \$3,000 but there is no LIMIT to be financed! The financing is backed by Microsoft and is available from your technology partner, Software Solutions. You can decide on the solution and apply for financing simultaneously, without investing valuable time looking for other credit sources.

All-inclusive. Software Solutions/Microsoft Financing now provides you with a convenient purchasing option that is rarely available from other sources. Microsoft will finance genuine Microsoft software-based solutions, whether that is a software-only solution or a more comprehensive IT solution that includes software, hardware, and implementation services. The result? You have one financing provider and a single payment to make each month.

Smart. Financing your solution is the smart way to acquire the technology you need to make your business run more smoothly. You get a fixed monthly payment with no surprise fees at the end of the agreement. And, you can save your cash and regular credit reserves for investment, expansion, or emergencies.

How Software Solutions Works with Microsoft Financing

Software Solutions/Microsoft Financing provides flexible payment options of 24 - 60 months for solutions that include genuine Microsoft software and cost a minimum of \$3,000. When Is Financing an Ideal Solution?

Managing cash flow is critical to your business. You need practical tools that help you keep money flowing smoothly. Software Solutions can help you obtain the technology solutions you need when you face business challenges such as these:

You want a financing option that's quick and easy. Your technology partner can quickly and easily submit your credit application online. It's a simple process that only takes a few minutes, and approval usually happens in a matter of hours.

You would like to avoid the variable rates associated with credit cards and lines of credit. Software Solutions/Microsoft Financing gives you an additional financing vehicle to purchase an IT solution.

You are already fully utilizing a line of credit with your bank. Software Solutions/Microsoft Financing gives you a fixed interest rate. You won't need to worry that the payment will increase during the full term of the loan.

You have other short-term needs for your cash flow. Software Solutions/Microsoft Financing can reduce the up-front cost of acquiring the solution.

Minimum Eligibility Requirements

As you would expect with any form of financing, you will need to meet a few minimum requirements in order to qualify for Microsoft Financing. For example, start-up companies in business for less than two years and companies with negative cash flow or other unfavorable trends will require some form of credit enhancement. To find out how to take advantage of the flexible financing options available through Microsoft Financing, contact Software Solutions, your Microsoft technology partner.
